- ❖ Alumni Association Status
- ❖ Cultural Outreach Program

Teacher Training Programs

School reopened for teachers on 18th May, 2026. All the vacancies have been filled for the academic year. The Management arranged breakfast for all the teachers.

Bhavan's Induction Program

Bhavan's Research and Development Centre, Kochi, under the aegis of Bhavan's Shikshan Bharati, Mumbai conducted a two-day Induction Programme for newly appointed Principals and Teachers of Bhavan's Schools across India and abroad for the academic year 2026-27. The program was held on the virtual platform (Zoom) on 18 and 19 May 2026.

Heartfulness Program

Dr. Shamala S Krishna (MA, MEd, MWS, PhD), Coordinator, teacher training for school at Heartfulness Institute, Hyderabad, conducted a teacher training session on 21st May. The session was on Classroom Culture and finding solution to the varied problems faced by teacher. For example, Teachers face emotional stress, workload, technology gaps, classroom pressure and the changing scenarios of the education system. The solution to these challenges were having self-awareness, collaborating, having continuous professional Development, self-reflection and growth mindset.

Teachers were also introduced to mindful meditation which was extended to one-hour session for 3 continuous days.

Refresher Course for Kindergarten Teachers

The resource person Mr. Yashwanth N (MSc. MTech and Fellowship in Education and Social Responsibility) from Onelern Publisher took an orientation cum refresher course for kindergarten teachers.

Competency-based Learning & Assessment

Teachers today need to learn and practice competency-based learning because education is no longer focused only on completing portions or memorizing textbook answers. Students are expected to apply knowledge, think critically, solve problems, communicate effectively and use the learning in real-life situations.

A teacher who understands competency-based learning creates a classroom where students do not simply study to pass examinations, but learn to apply knowledge meaningfully in life. This year, we have introduced CBL to grade 1-7 teachers.

Grade 1-7 - Orientation of Revised Textbooks

Teachers are preparing for the transaction of newly introduced textbooks this year for grade 1-7. They are also given the tool TPG (Test Paper Generator) to help prepare QPs with ease. The combination of resources such as Textbooks, Workbooks, Interactives and TPG will help teachers to give a holistic experience to students.

Orientation for Computer Teachers

The computer teachers had an orientation to the newly introduced textbooks (KIPS) where students will be introduced to Python coding and artificial intelligence. We are also introducing Robotic to 7th grade students this academic year.

Digital Board Exposure for Grade 1&9 teachers

As we are slowly moving from smart board to digital boards, teachers handling grade 1 and 9 will be trained on how to use the digital board.

Orientation for identification & follow up of students with learning difficulties

Miracle Minds is a child development and therapy center dedicated to supporting children with developmental, behavioral, sensory, speech and learning difficulties. Ms Jeevita Nayaka G, Psychologist and Special Educator, and Ms Kavyashree S, RCI registered Speech Language Pathologist addressed the teachers on identifying the Red Flags in children at an early stage and gave practical and easy strategies to help children in classroom.

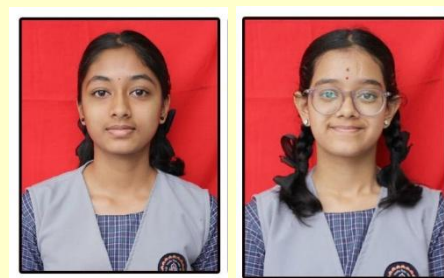

Revised Teacher's Handbook

Teachers are introduced to the 7E model (Elicit, Engage, Explore, Explain, Elaborate, Evaluate, Extend) of writing lesson plans. Ms Supriya has assisted me in bring out this handbook that will help teachers plan their lessons effectively. We have four variants of handbooks this year, namely for class teacher, subject teacher, kindergarten teachers and co-curricular teachers.

Grade 10 News

Re-evaluation of Results

After the re-evaluation of grade 10 results, two students **Ms Chinmaya** and **Ms Gowrishree** got **621/625**, thus becoming the school toppers.

Department-Level Meeting

Vice Principal Ms Prapulla attended the department level meeting on 20th May at St. Joseph School, Bannimantap. Some of the points stressed in the meeting were maintaining proper records, reading the preamble in the assembly, conducting bridge course, creating language labs, admission formalities, and updation of SATS, UDISE Plus, and APPAR ID generation.

Orientation for students and parents

69% of Grade 10 parents attended the first PTM which was to set the expectations for both the teachers and parents. The parents raised queries like children going for tuition, segregation of students based on marks, how to deal with students having no interest in studies, mobile addiction and so on. Honorary Secretary PS Ganapathy, Principal, Vice Principal and the team of teaching handling the 10th grade responded to the concerns and gave clarity on the processes we follow for the entire year.

Revised Leave Policy

A revised leave policy was drafted for the academic year 2026-27 based on various issues we had during the last academic year. Some of the issues were teachers going on long leaves, accumulation of leaves till the year-end, Loss of Pay etc. We have brought in certain changes and got it acknowledged individually from all the teachers.

Books and uniform Distribution

Books and Uniform distribution for this year completed on 29th with almost 85% of the students taking their books and uniforms on the dates mapped to their classes.

Alumni Association Status

We have received 273 responses in the Google form shared with the alumni. A WhatsApp group is created and we have intimated the purpose of the group to all the members.

Cultural Outreach Program

A violin concert was organized on 16th May (Saturday) at the Thathachari Auditorium at 6:00 pm. The violinist Vidwan Sumanth Manjunath and Vidushi Malavi Manjunath, along with Vidwan Adamya Ramanand on mridangam and Vidwan Shamith Gowda on Ghatam presented a mesmerizing performance.
